

Candidate Epsilon

Operations Manager

Professional Experience

Operations Manager | Sample Restaurant

- Directed comprehensive daily operations including staff scheduling, inventory and stock coordination, vendor communications, and customer issue resolution to ensure seamless service delivery and operational continuity.
- Spearheaded improvements in stock check routines and shift handover processes, enhancing inventory accuracy and minimizing operational disruptions.
- Maintained stable and efficient operations during peak service periods through proactive resource allocation and cross-departmental coordination.

Leadership Experience

- Led and motivated supervisors and front-of-house teams, establishing high performance standards and fostering a culture of service excellence.
- Coordinated cross-functional teams to sustain operational consistency, ensuring alignment with organizational goals and customer expectations.
- Developed and maintained strong vendor relationships through proactive follow-up and effective communication, supporting reliable supply chain management.

Achievements

- Improved stock control accuracy and reduced discrepancies by refining inventory management routines, contributing to operational efficiency.
- Streamlined shift handover communications, enhancing team alignment and minimizing service interruptions.
- Ensured uninterrupted service quality during high-volume periods, supporting consistent guest satisfaction and operational resilience.
